CASI Software

TRANSFORM AND DELIVER z/OS PRINT CONTENT

BETTER

Transform and enhance the appearance and usability of your documents with multiple fonts, overlays, bar codes, graphics, data dependent images, watermarks, hot links, and indexes.

FASTER

Your information is instantly in the hands of those who need it anywhere in the world. It is in the format the reader wants. It

SAFER

Organizations worldwide rely on CASI Software's commercial-grade quality and expert support. All processing is performed on your mainframe to eliminate the risks of moving information to another platform for processing. CASI Software can encrypt and password-protect your documents.

CHEAPER

Savings far exceed your software investment in a short time and your savings continue forever. Implementation is fast and easy; no application changes are required. Start with an individual application and expand usage to other applications to further improve your ROI.

GREENER

Reduce your energy consumption, waste generation and carbon footprint. Demonstrate your concern for the environment with tangible proof of a greener solution. You not only save money – you save trees and maybe even a forest.
